Formulation Sample

Rich Liquid Foundation with **CARNAUBA WAX HP**

Formulation No.: LF-OW004NP

This O/W liquid foundation contains **CARNAUBA WAX HP**. HP is composed of the high-polarity component of carnauba wax. HP cannot be used to solidify oil-based cosmetics like general carnauba wax, but it can be used to stabilize emulsions and pigment dispersion. Thanks to HP, this foundation forms **an even, waterproof film** on the skin.

Product Name		INCI Name	wt%	
A	A-1	Ricinus Communis (Castor) Seed Oil	16.0	
		Camellia Oleifera Seed Oil	3.0	
		CARNAUBA WAX HP	Copernicia Cerifera (Carnauba) Wax	2.0
			Sesamum Indicum (Sesame) Seed Oil	2.0
		CANDELILLA WAX HYDROCARBONS HC31	Candelilla Wax Hydrocarbons	1.5
			Dipropylene Glycol	1.0
			Simmondsia Chinensis (Jojoba) Seed Oil	0.5

A-2		Calcium Carbonate	5.0	
		Titanium Dioxide	5.0	
		Iron Oxides (CI 77491, 77492, 77499)	1.1	

A-3		Polyglyceryl-10 Distearate	3.0	
		Behenyl Alcohol	1.5	
		Polyglyceryl-10 Myristate	1.0	

B		Water	19.4	
		Butylene Glycol	6.0	
		Glycerin	2.0	
		Water (and) Sodium Dilauramidoglutamide Lysine	0.5	
		Phenoxyethanol	0.3	
		Xanthan Gum	0.1	

C		Water	25.0	
	AMYLOPECTIN POWDER F	Amylopectin	3.0	
		Dipropylene Glycol	1.0	
		Ammonium Acryloyldimethyltaurate/VP Copolymer (and) t-Butyl Alcohol (and) Water	0.2
